Omega (Studio + AI Builder)
Build. Edit. Deploy. Studio-first AI delivery plus a scalable builder platform.

What it is

• **Studio:** custom AI solutions + AI receptionist deployments
• **Platform:** guided requirements → full codebase → live preview → export
• Multi-platform: web, mobile, desktop

Who it's for

• Founders shipping MVPs fast
• Agencies / product studios
• Businesses automating front-desk and sales workflows

Business model

• Studio fees + retainers (cash flow now)
• Platform subscriptions + usage credits
• Enterprise packages

Why it will be big

• AI-first workflow + full build loop
• Vertical playbooks (receptionist, support, sales)
• Strong margin profile with usage-based routing

Funding ask

• **$2.5M seed (adjustable)**
• Goal: reach **$1–10M+ ARR** within 12 months with focused GTM and enterprise deals
